About the Conference

Once a year, the Uganda ministry of health together with its partners brings together close to 500 key decision-makers, health managers, leaders, implementers, researchers, front line health workers and well-wishers from all over the country and beyond to share their expertise, knowledge, experience and thoughts in improving access-quality-equity in healthcare for women, newborns, children and adolescents.

Take advantage of this unrivalled gathering to enhance your company/organization profile or launch a new product or service.
